

Participation in the Global CAPE

How to Join

Privacy Enforcement Authorities (PEAs) interested in joining Global CAPE must submit a letter of intent to the Administrator confirming they meet the definition of a “Privacy Enforcement Authority” under the Global CAPE rules.

Multiple PEAs per Jurisdiction

Jurisdictions can have more than one PEA participate. In such cases, a single joint written notice can be submitted on behalf of all interested PEAs from that jurisdiction.

Formal Acceptance Required

The Global CAPE Administrator is in charge of reviewing the PEA's application. Membership in the Global CAPE takes effect only after the Administrator formally informs the PEA in writing that the application has been accepted.
